

SAR Grave Marking Ceremony on 5 August 2017 in Old Turnpike Cemetery in Cambridge, NY. We erected the SAR lug on the grave of James Coulter who was a private in the Albany County Militia, which fought in the Battle of Saratoga. Since the group photo is rather informal, perhaps the second photo will suffice.

James Coulter's gravestone is in the middle background, with the SAR lug in the foreground

The SAR lug has been erected next to a memorial stone from the American Legion
